

The Electric Monstrosities

"God pope and president"

Visit "[God pope and president](#)" on MotoLyrics.com

If I were God, I'd want you to be my universe;

If I were the pope, you'd be my prayer of devotion;

If I were the president, you'd be my place in history...I
am you, you are me, that's the way it ought to be, .. you
have one, might as well be none which equals three

It doesn't matter who we are

we can only go so far,

It all works out in the end, better get ready,...here we
go again!

If you were God I'd be your brightest star, If you were
the pope I'd be your staff of support, If you were the
president, I'd be the one promise that you'd keep..
(repeat refrain)

God, pope, and president

God, pope, and president...God
