It was raining in my heart
Falling deep inside of me
Drowning into my soul
This silence rushes over me

I am breath against this fire
And I will not turn away, oh no
I'm waiting for time to carry me
Like a tempest to the sea
Standing strong, watching over, yeah

Love will keep me believing
Through the dark, can you hear me calling?
Holding on when I'm dreaming
Love is all, love is all, love is all

Thundering on high
Love was all I knew before I fell
And now the shots of man
Are buried inside myself

I am breath against this fire
And I will not turn away, oh no
I'm waiting for time to carry me
Like a tempest to the sea
Standing strong, watching over, yeah

Love will keep me believing
Through the dark, can you hear me calling?
Holding on when I'm dreaming
Love is all, love is all, love is all
Holding on when I'm dreaming
Love is all, love is all

Love will keep me believing
Through the dark, can you hear me calling?
Holding on when I'm dreaming
Love is all, love is all, love is all

Like a tempest to the sea, I'm standin'
Love is all, love is all, love is all
Love is all, love is all, love is all

Like a tempest to the sea
I'm standin', I'm standin' [Incomprehensible]
Love, love, love , love is all

Love is all
