Turn down the silence
Inside my head
Bring back the colors
Of you instead
Further from where I started
Further to go
Keeping my heart under control

Why do I still feel you, feel you
And though you're gone
I still to feel you, feel you
All I need is you
All I need is to feel you, feel you

Why did you change your mind and run away?
Thoughts of you by my side
Starting to fade
I know that you should be mine
So I won't let go
Everyday I'm trying to get close

Why do I still feel you, feel you
And though you're gone
I still to feel you, feel you
All I need is you
All I need is to feel you, feel you

Stop running all the time
Don't fight the feeling inside
Cause when you try to hide
No matter where you go
It's deep in your soul

Stop running all the time
Don't fight the feeling inside
Cause when you try to hide
No matter where you go
It's deep in your soul

Stop running all the time
Don't fight the feeling inside

Cause when you try to hide
No matter where you go
It's deep in your soul

All I need is to feel you, feel you...
