(Music: Christian Kolonovits, Klaus Meine; Lyrics: Klaus Meine)

In every corner of my memory
There's no place you wouldn't be
If anything, I wish I had
Another dream with you
Life was forever yesterday
Nothing in the world could take
Your love away, will I ever know
That time will ease the pain
For me someday

She said I won't leave you, ever
Just love me forever
She said you can leave, but never
Walk away

Lights reflecting in the evening sun
Back to the place where we were one
Soul mates forever about to chase
Rainbows in the dark
Another day to destiny
Come on and set me free
When I close my eyes, I see your smile
As I walk in the pouring rain
I call your name

She said I won't leave you, ever
Just love me forever
She said, we will be together, someday
She said I won't leave you, ever
Just love me forever
She said, you can leave, but never
Walk away

I can see a million faces
When I take a walk outside
But I just never knew
That I could go a million places
And I'd see always, only you

The loneliness crawls up on me
Without you there's no me
At any time or any place
But time will ease the pain
For me someday

She said I won't leave you, ever
Just love me forever
She said, we will be together, someday
She said, I will wait forever
I won't leave you ever
She said, you can leave, but never
Ever walk away

Don't walk away
Oh no don't walk away
I'll be waiting, always
Until you'll wake up from this dream
Someday
