"Slave Me"

I want to get you when I got you
Give me just one night
I want to be your love tonight
Slave me
Slave me

Shake me
Bake me
Break me
Take me where the sun don't shine

Cruise me
Choose me
Use me
Bruise me
Make me lose my mind

I want to be in love tonight
Yeah yeah
Mamama, mamama, mamama, mamama

Slave me

Yeah yeah yeah

I want to be in love tonight
I want to get you when I got you
Give me just one night
I want to be your love tonight
Slave me

Yeah yeah yeah

Come on and slave me
