

Scorpions, The "Turn You On"

Visit "[Turn You On](#)" on MotoLyrics.com

Yeah!
Let's fly away from here
And scream if you like it
The word of there disappears
Tell me are you excited

Just a soul
Is ramblin' and rollin' chain
The sweat is so silly
Tonight we will sleep away
Just rockin' and rolling

Beyond the point of no return
The fear is rising 'till we crash and burn
There's something in my head that is sinking out of
blood
And nothing in the world
This is all we've got

So come on!
If you wanna feel the sting
Come on, come on, come on, come on!
Come on baby shake that thing
I'm gonna turn you on!
Yeah! Yeah!
I'm gonna turn you on!

Yeah!
Let's celebrate all night
We're starting all over
You turn me into what I was
An hard rock'n'roller

Into the line of light an dark
A passion never known embraces my heart
You're the best rockin' like heaven and hell
If I'm coming back
Hard to tell

So come on!
If you wanna feel the sting

Come on, come on, come on, come on!
Come on baby shake that thing
Mymy mymy mymy Rock out!
And let the show begin
I'm gonna turn you on!

Yeah yeah yeah!

So come on!
If you wanna feel the sting
Come on, come on, come on, come on!
Come on baby shake that thing
Mymy mymy mymy Rock out!
Feel the sting...
Come on, come on, come on, come on!
And let the show begin!
I'm gonna turn you on!
I'm gonna turn you on!
Yeah yeah!
I'm gonna turn you on!

Turn you on!
