We don't own the world
My world is your world
The air we breath and the starts we see
Our journey called discovery
My time is your time
Your silent scream
Remains unheard
Humility is not just a word
We don't own the world (we don't)
We don't own the world (oh no)
We don't own the world (we don't own the world)
Your light is my light
The tears we cry, the joy we share
To love just means we really care

My dream is your dream
We could save the world
We could share so much
If we don't live like this no more
We don't own the world (we don't)
We don't own the world (we don't)
We don't own the world (oh no)
We don't own the world (we don't own the world)
We don't own the world (we don't own the world)
We don't own the world (oh no)
We don't...
