Robotic... robotic...

Welcome baby to the virtual world  
The only way to set you free  
Put your fingers on the keyboard  
You're ready for the party  
You can see colours on your screen  
You feel sensations on your skin  
..... suspicion  
You're gonna kill..... damnation

Robotic trance  
Robotic trance  
See my lips on video  
Hear my voice on stereo  
Robotic trance  
Robotic trance  
If you wanna have sex  
Just lock in your flex !

You're gonna win the prize  
You're gonna play games  
Check your delies  
Computer feel no pain

Robotic trance  
Robotic trance  
Love is automatic  
Feeling's electronic  
Robotic trance  
Robotic trance  
See my lips on video  
Hear my voice on stereo  
Robotic trance  
Robotic trance  
If you wanna have sex  
Just lock in your flex !

It's a trance, it's a trance  
Yeah, yeah  
It's a robotic

It's a robotic  
It's a robotic trance

Robotic trance...
