Silhouette in the window
Outline of the good you've done by me
I couldn't tell you what I know
It's bad enough you're in everything

I can feel you
And if only I were felt like that
You've taken my heart, and now
I want it back

(CHORUS)

So you want to leave
Until you get what you want
Well honey, two can play at that game
All night long
And did you really believe
That I would just let you linger
Forever, and ever, and ever

Rose on a pillow
Trademark of the only girl who believed in me
I couldn't see it, but I know
It got harder to give to me
And now I'm all alone

Did I ever make you nervous
Did I call your bluff
Have you forgotten your reasons
Is that not enough?

(CHORUS)

Tell me how you linger enough
To say all that you're thinking
All that you're dreaming
And all that you are
Did you know, I don't know
If I'm waiting holding on to nothing
Waiting around for something
And it's you

Silhouette in the window
Outline of the good you've done by meâ€¦

(CHORUS)

Tell me how you linger.
