"Ways To Make You See"

Visit "[Ways To Make You See](#)" on MotoLyrics.com

You are following me
Under crusted teeth (?)
No no no this cannot be
You'll never know who I am

Ways to make you see
It's not that love has failed me
Ways to make you see
It's not that love has failed me

Do you touch her
Like you touch me
Do you corrode her
Like you corrode me

Ways to make you see
It's not that love has failed me
Ways to make you see
It's not that love has failed me

I'm not the first
One falling past (?)
Voice that i've heard
(how my?) Disguise (?)
I'm not (hurt?)
I'm not afraid (?)
I'm not (afraid / praise?)
I'm not afraid (?)
