To fill your mind up full of views
All you gotta do is watch the news.
I'm a stranger so full of doubt and I just can't seem to
work it out.
I don't try to get involved but I can't ignore
All the things I'm told.
Grieving faces tell me the score it's a body
Count in another war.
All around is bloodshed and people just wanna be free.
Well we've got free misrepresentation.
Leave it all up to me.
You're just another boot leggin bomber boy
Trying to make me see but all I see is bloodshed. You
never know who makes
the rules
Lying, deceiving and following fools Is this a plot
without a clue.
Who's gonna give it up and who's
Gotta choose.
What in the world is their reason or cause
What's your excuse and the point of it all.
You say your answer is bigger than
My question.

A ballot box for my suggestion.
All around is bloodshed and people just wanna be free
Well we've got free misrepresentation
Leave it all up to me.
You're just another boot-leggin bomber boy. Trying to
make me see but all
I see is bloodshed Runnin down runnin down yeah.
The system switched to overload and now it's fading
from my screen.
The system has a standard and now
It's going to extremes.
All around is bloodshed and people just
Wanna be free.
We've got free misrepresentation
Just leave everything up to me.
You're just a boot leggin bomber boy
Tryin to make me see but all I see is

Bloodshed in the name of peace.
