Dont laugh dont cry dont do anything at all
All of the feelings I once held inside
They have flown away from me.
Dont talk dont walk dont you run away and hide Just
have another drink and
wipe your tears away. We'll just talk away the night.
Dont worry youll always be a friend of mine.
Dont just sit around.
Dont just sit around
All day and cry.
Dont worry, you will always be a friend of mine. Dont
forget, dont relive,
dont you think
The worst of me.
Time changes everything we know
And its all turned around its all turned around Dont
worry youll always be
a friend of mine

Dont just sit around dont just sit around
All day and cry
Dont worry
Yeah you will always be a friend.
Theres so many things and Ive got so little time No
need to complicate and
Ive got no time to cry I realise that its hard but you have
to believe.
Dont worry oh you will always be a friend of mine.
Dont worry youll always be a friend of mine
Dont just sit around dont just sit around
All day and cry
Dont worry oh you will always be a friend I will always
have time for you
Year Ill always find or make that time
You will always be a friend of mine.
