Its a cloudy day and the sun is hiding.  
I turn away to hide my pain.  
Hold my head as my eye explodes nothing to say  
No more heavy load n Im gone.  
Tree sways in a summer breeze the branches whip me  
And they make my skin bleed.  
Draining life and a red river flows ocean of pain Why  
cant my love grow  
with me.  
Oh no it cant be true Ive seen the other side. The crystal  
man is back on  
my phone calling me up To see if Im home.  
Well Im home in heart and Im home in head.  
Sometimes I feel I'd be better  
off dead goodbye. Oh no it cant be true Ive seen the  
other side of you I  
dont need the pain, the pain of your lies. Push it away  
from me it eats  
the air that I breathe.

Burning in this jaded light of a thousand dreams All  
covered in lies now I  
leave it all behind.  
I saw time as a package of lies first youre born And  
then you die.  
Take it fast or take it slow the good die young and the  
wise grow old.  
Oh no it cant be true, cause I have seen the other side  
of you.  
I dont kneed the paid the pain of your lies its a losing  
game.  
Gotta stay.  
I cant go cause Im so scared of what I dont know. No  
No No I cant hide.  
Gotta live I cant hide.  
Gotta live I cant waste my life  
Your broken dreams and your bleeding heart  
They dont mean nothing to me at all.  
I dont need this pain I know this has to be true Cause I  
have seen the  
other side of you.
