When we talking heart to heart
Or Slowly dancing in the dark
Baby I love being with you (I only want to be with you)

You gave me more then you know (Ohh)
And you've had me captivated from word go
And I'm keeping you all to myself (Ohh)
Cause I don't wanna waste one kiss on anybody else
(Heyyy Yeahh)

Cause when we talking heart to heart
Slowly dancing in the dark
Boy there's nothing just like being with you

Nights when we walk across the sand
Days when we wake up holding hands
Boy I got nothing planned but being with you (i only
want to be with you)

Whenever there's tears in my eyes (even the sadness
inside)
Baby I see you smile, and it's alright
And whenever there's some trouble on the run
Don't worry about it, don't think about it, as long as i'm
with you
And when I hide inside your arms until
The curtain comes back down

Cause when we're talking heart to heart
Slowly dancing in the dark
Boy there is nothing like just being with you

Nights when we walk across the sand
When we wake up holding hands
Boy I got nothing planned but being with you (being
with you, im telling you)

I'm telling you..
You make the difference in my love (Yeah yeah, And
I'm thanking you Baby)
I'm living in paradise

Everytime I look into your eyes

Cause when were talking heart to heart
Slowly dancing in the dark
Cause boy there's nothing like just being with you

Nights when we walk across the sand
Days when we wake up holding hands
Boy I got nothing planned but being with you

I...Love...To...Be...With...You...
Nothing else I wanna do (at all)
Cause there's nothing like being with you
I...Love...To...Be...With...You...
Nothing else I wanna do
Cause there's nothing like just being with you
