\*Justin\*

We've been closer than lovers, Better  
than friends have ever been  
And When I think about it I can't say  
when this happened, oh, baby!

\*Yasmeen\*

Your love and your kiss is, all i desire  
One look into you eyes and I feel the fire  
And it warms my heart and heals my soul  
always, always....

(chorus)

And you don't have to worry, you don't  
have to cry  
You won't have to look for another  
And don't be afraid to put love on the line  
'Cause you'll never find disappointment  
this time

\*Justin\*

I spend my nights in sorrow wondering  
when the light will shine through  
the clouds  
Then your love comes with no  
questions and erases all my doubt

\*Yasmeen\*

Every step, every breath's taking me  
higher, the brightest of angels must  
have conspired to  
Cross our paths for a love that lasts  
always, always....

\*chorus\*

\*Justin\*

And when I look in your eyes,  
I see a world where we share our  
dreams together

\*Yasmeen\*

My kiss will be waiting, my heart will  
keep beating for you - forever

\*Justin\*

So you don't have to worry

\*Yasmeen\*

Don't cry cry baby, you won't have to look for another

\*Justin\*

Whoa...

\*Yasmeen\*

And don't be afraid (don't be afraid) to put love on the  
line

\*Together\*

"cause you'll never find disappointment

\*chorus\*
