

Yattering "Anal Narcotic"

Babies asses profaned
By lustful
Psychpath' penises
Asses from which blood
And entrails' fragments
Spill out.
Inconceivable scream - tearing
Apart ears of the
Criminal
Who wants to fulfill
His sick mind,
Sick of emptiness that
Blows up his brain
Anal narcotic that allows
To unload animal lust.

Small object of orgiastic play
Choking in its yell - by sperm
Of the executioner
Who's got nothing
For his defense - except
Innocence
Raped eyes in deaf scream
Look for death that
Will release from
Pain,
Off "mother's pain",
When they came into
This world.
