...Foetus was growing  
At the cost  
Of uterus mother's organism...  
My thoughts  
Has gone in torture  
I hear - why !?  
I don't I feel touch.  
I torture other vicim - why !?  
Question why scoring  
I say to you?  
Degenerated conception of creepy  
Created by aversion & death  
Vision of their own nation  
I remember moment  
Saturated with  
Looking at massacre - why ?  
Innocent's blood is  
All over my body  
Deep in me there is

Degeneration & inside  
Madness  
Madness  
Murder by the reason  
Cruelty by own  
Children's blood  
Created by system of hatred  
Changed into beast  
...From unsewed stomach is  
Coming baby  
Small in mother's blood,  
Stumps cut navels  
Around their throats  
Mother's blood mixed  
With young stuff  
Demonic orgy, woman's anatomy  
I'm guilty in brain torture  
I hear - why question  
Nation's death - why
