[Young Menace] + (The Game)

Yeah! What is it? It's Young Menace, and the Game
(Hahaha, yeah) Stackin chips, G-Unit (Chuck Taylor)
Doublin down on who? (Compton's young guns)
Sacramenton's finest (Who fuckin with me?)
From Sac-Town to Compton, you dig?

[The Game]

Yo, yo, now ain't no tellin what the Game'll do, listen
dawg
I blow the guts out the dutch and do the same to you
And just to get shit crackin, I drop the toaster
Grab the Louis go Sammy Sosa
And you ain't gotta know me to know that, I hop out a
new pink Rolls
With the fifty-two Pete Rose throwback
Haze in my eyes, listen to Bobby Womack
On the same corner where Eazy-E sold coke at
And dawg I'ma test your education
What do I mean when I say I move more birds than
migration?
I'm the nigga that'll smoke the purple, get high as a
kite
Down half the Goose then choke your workers
Don't make me put two in your shirt, dawg I put in the
work
Then move bags like Doony & Bert
And stuff work in the GMC, cause on my block
I'm the King of Rock like Run-D.M.C., nigga

[Chorus: Young Menace]

I'm a mobster, with a mac-11 chopper
That'll pop ya and put one through ya motherfuckin
collar
I'm a mobster, Robin Hood's like Kevin Costner
If ya fuck with my dollars I'll make you swallow my
daughters
I'm a mobster, I keep a bitch by my waist
Just in case I gotta draw down to get this big face
I'm a mobster, uh-huh, yeh-yeah
I'm a mobster, uh-huh, yeh-yeah

[Young Menace]

Shhhhh.. I got a lot to say

Dawg I gotta get paid that's why I rock the lle'

And chop the lle' to push bricks through your block a day

I'll bring terror to your squad and make you rock away

Don't depend on tomorrow you can get shot today

I'll spit acid on your turf and watch your block decay

Dawg I spit on your grave and fertilize you too

I hit 'em hard with 16 bars, flames and fumes

Somebody needs to push your infant rap back in the womb

Go 'head and keep talkin that shit and get your life consumed

I put a hole in your chest dawg the size of the moon

Yeah you musta been talkin, how'd you get out that soon?

(You fuckin snitch!) I got a chop that'll touch yo' head like Vidal Sassoon

You don't wanna see my platoon, I got gorillas and baboons

That won't hesitate, they gon' do what they have to

When there's beef on the streets it's on for life like tattoos

[Chorus]

[Verse Three]

It don't matter what season, it don't matter not a day
I move traffic through the city, plus I keep the right of way

I'm on point like Bibby, I'm the leader of the team mayne

Got the whole city amped just like a Lakers versus Kings game

Everybody's fired up, I drop major packages

I'm never doin bids because my game is so immaculate

A bitch try to snitch, "I Can't Deny It" like Fabolous
Before the evidence gatherin, someone's in an ambulance

Now that'll learn you to keep your big mouth shut

Those with big mouths I got the perfect size nuts

Yeah I do my dirt, but I wash my hands thoroughly

Handle my business first so I can celebrate early

It's business before pleasure my business brings me pleasure

It feels good to be able to shine, in any type of weather

That's why I do what I gotta do so my money's lookin tight

Whether I'm jukin on the block or have bitches hookin
lights y'know?

[Chorus]
