\* - originally appeared on the Fresh soundtrack and as a single

Chorus: GZA and RZA

I gotcha back, but you best to watch your front  
Cause it's the niggaz that front, they be pullin stunts  
I gotcha back, but you best to watch your front  
Cause it's the niggaz who front (they be pullin stunts)

Lyrics:

I was always taught my do's and don'ts  
For do's I did, and for don'ts, I said I won't  
I'm from Brooklyn, a place where stars are born  
Streets are shot up, apartment buildings are torn  
and ripped up, stripped up, shackled up and backed up  
from fiends, cause the bosses on the scene, they got it  
cracked up  
Kids are slingin in my lobby  
Little Steve and Bobby  
Gettin paid but it's a life-threatening hobby  
Yeah, they still play hide and seek  
The fiends seek for the crack, and they hide and let the  
cops peep  
Grown folks say they should be out on their own  
Before the gangs come and blow up their mom's home  
Because they lifestyle is hectic, so fuckin hectic  
Blaow! Blaow! Blaow! Bullets are ejected  
My lifestyle was so far from well  
Coulda wrote a book with a title
