Let go,  
of me here.  
Let's go,  
break free dear.  
Let's have fun,  
til the end,  
let's be done,  
so hearts mend.

Can you fix me? I'm broken today.  
A bullet of darkness pierced my soul.  
I'm seeking a hand to lift me,  
please don't leave me in a world so dull...

We'll party hard,  
I promise,  
we'll party hard,  
and kiss.  
It's a way,  
to heal,  
and a good way,  
to feel.

I want you to fix me, so I'm not broken anymore.  
I want the bullet taken out by only you.  
I'm seeking your hand girl...  
so what will you do?
