Mysterious Lover [chorus]
We shared our times together
Mysterious lover we'll always be together

One night when I was on the phone
All alone
I called a love line
And they said you would be
mine all the time ohhh yeahhh

But on the love line
the said the did not
know your name
so you must be my
mysterious lover

chorus

One day when i was at the mall
I saw you with my friend
I was supposed to be mad
but instead I was sad
I knew you were trying to sweet talk her
but instead you were supposed to be my lover

chorus

When I got home
I cried on my bed
I said I never ,never
wanna see you again

chorus [repeat 2x]
