Jennifer Love Hewitt  
The Greatest Word  
(Jennifer Love Hewitt)

I know you and you know me  
We've got a special kind of lovin', it seems  
But sometimes I wonder why  
You never tell me what you're feeling inside

'Cause even though we're young  
What we've got is strong  
Still I need to know  
I need to hear you say it 'cause

Chorus:  
Love is the greatest word  
Don't hold it in  
You've got it let it be heard  
Baby, love is the greatest word  
Don't let it go unspoken  
Don't let this heart be broken

You can bring me flowes and Valentines  
Take me away to a paradise  
To a paradise  
But that simple word  
The sweetest I've heard  
It means much more than anything in the world

So open up your heart  
Tell me what's inside  
When it comes to that emotion  
It's too easy to hide

Chorus:  
Love is the greatest word  
Don't hold it in  
You've got it let it be heard  
Baby, love is the greatest word  
Don't let it go unspoken  
Don't let this heart be broken

Even though  
I read it in your eyes  
I feel it in your kisses  
I've still go to hear it

No need to shout  
Whisper the word  
Let it be heard  
Baby, won't you tell me you love me  
Let me know how you feel  
Baby, love is the greatest word

Cause even though we're young  
What we've got is strong  
Still I need to know  
I need to hear you tell me you love me  
Tell me that you love me

You've got to tell me what's inside  
Tell me that this love's alive  
Yeah, yeah
