My hands are cold
My body's numb
I'm still in shock
What have you done
My head is pounding
My vision's blur
Your mouth is moving
I don't hear a word

And it hurts so bad
That I search my skin
For the entry point
Where love went in
And ricocheted
And bounced around
And left a hole when you walked out yeah

I'm falling through the doors of the emergency room
Can anybody help me with these exit wounds
I don't know how much more love, this heart can lose
And I'm dying, dying from these exit wounds
Woouounds, where their leaving, the scars you're
keeping
Exit woouounds, where their leaving, the scars you're
keeping

Marks a battle
Still feel raw
A million pieces of me
On the floor
I'm damaged goods
For all to see
Now who would ever want to be with me

I've got all the baggage
Drink the pills
Yeah this is living but without the will
I'm Blacken out
I'm shutting down
You've left a hole
You walked out yeah

I'm falling through the doors of the emergency room
Can anybody help me with these exit wounds
I don't know how much more love this, heart can lose
And I'm dying, dying from these exit wounds
Woaaaaounds, where their leaving, the scars you're
keeping
Exit woaaaaounds
Where their leaving, the scars you're keeping

Loose your clothes and show your scars
That's who you are
Loose your clothes and show your scars
That's who you are
Loose your clothes and show your scars
That's who you are
Loose your clothes and show your scars

Marks a battle
Still feel raw
A million pieces of me
On the floor

I'm falling through the doors of the emergency room
Can anybody help me with these exit wounds
I don't know how much more love this, heart can lose
And I'm dying, dying from these exit wounds
Woaaaaounds, where their leaving, the scars you're
keeping
Exit woaaaaounds
Where their leaving, the scars you're keeping
