Tried to break love to a science  
In an act of pure defiance  
I broke her heart.  
As I pulled apart her theories  
As I watched her growing weary  
I pulled her apart  
Having heavy conversations  
About the furthest constellations of our souls  
And we're just trying to find some meaning  
In the things that we believe in  
But we got some ways to go.  
Of all of the things that she's ever said  
She goes and says something that just knocks me  
dead.

You won't find faith or hope  
Down a telescope  
You won't find heart and soul in the stars  
You can break everything, down to chemicals  
But you can't explain a love like ours.

It's the way we feel, yeah this is real.  
It's the way we feel, yeah this is real.

I tried pushing evolution  
As the obvious conclusion of the start.  
But it was for my own amusement  
Saying love was an illusion of a hopeless heart.  
Of all of the things that she's ever said  
She goes and says something that knocks  
Me dead.

You won't find faith or hope  
Down a telescope  
You won't find heart and soul in the stars  
You can break everything, down to chemicals  
But you can't explain a love like ours.

It's the way we feel, yeah this is real.  
It's the way we feel, yeah this is real.

Of all of the things that she's ever said  
She goes and says something that just knocks me  
dead

You won't find faith or hope  
Down a telescope  
You won't find heart and soul in the stars  
You can break everything, down to chemicals  
But you can't explain a love like ours.

It's the way we feel, yeh this is real  
It's the way we feel, yeh this is real
