It's over, there's nothing more to say
Silent comes the night time, ends another summers
day
I can just remember or is this the dream that never
goes away?

Understand me, I'm calling
Understand me now, can't you hear me call?
Understand me, I'm calling
Understand me now, can't you hear me call?

Night time, surely it's a lie
No one ever told me, I just let the chance go by
Wishing there was time enough, you tell me there's no
time
But I can try

Understand me, I'm calling
Understand me now, can't you hear me call?
Understand me, I'm calling
Understand me now, can't you hear me call?

Speak now without the summer light
All the words I should have spoken when you held me
tight
Still I'll keep on calling till the morning ends another
lonely night

Understand me, I'm calling
Understand me now, can't you hear me call?
Understand me, I'm calling
Understand me now, can't you hear me call?

Understand me, I'm calling
Understand me now, can't you hear me call?
Understand me, I'm calling
Understand me now, can't you hear me call?

Understand me, I'm calling
Understand me now, can't you hear me call?
Understand me, I'm calling
Understand me now, can't you hear me call?
