You're not dealin with the typical  
I'm Queen Order in the physical  
Original worshippin a little real sense to the art symbol  
Keepin you in traditional lacin the listener  
with principles like it's medicinal in addition to  
numeral recordables that be sellin me to the pentacle  
of being lucid, so I never come elusive  
Truths I get loose with that amuse it then use it  
to captivate the youth through my creative juices  
Daily come students on my school of thought not ever  
truant  
So enter into language and the oral I speak fluent  
Be.. when I shine

"I see my influence still shinin"

Heads out there babblin  
Life is a gamble and you've gotta hustle  
My methods various ways to cut you  
when exercisin my vocal muscle  
Give back to my people through song cause I love to  
Not just an actor ? capitalizin upon the struggles  
of stringin along the troublesome  
Overstate my purpose as bein one who comes to  
provide a little hope  
for them play my position, to the fullest on intuition  
Drop a jewel or two but tricks are for whoever wanna  
listen cause  
I can't distort vision of those completely blind  
so I keep that in mind, when I shine, knahmsayin?  
Teach those who wanna be taught  
Craft fluid within the beats y'all

"Stereophonic or mono my lingo tingle topics revolve.."

"I see my influence still shinin"

"Stereophonic or mono my lingo tingle topics revolve.."

"No doubt"

Presentin dark sounds, cause we in some crucial time  
now  
And I'm tryin to leave a mark before they place me in  
the ground  
Holdin it down, much deeper now than before  
Mature, rhetoric to even out the score  
Detour, what was once considered hardcore  
to counteract the efforts of these pseudo-thugs and  
whores  
Armageddeon's a brain war, and I command more  
Willin to have my frame torn for what I stand for  
For, at least for my belief the substance intertwine  
Exert from my bloodline, to shine, one more time  
At least for my belief the substance intertwine  
Exert from my bloodline, to shine

"Stereophonic or mono my lingo tingle topics revolve.."

"I see my influence still shinin"

"No doubt
