Color of me your touch grey  
Open eyes fall again  
Into eyes

Color of me your touch grey  
Open eyes fall again  
Into eyes  
For the last  
Past to the ground  
No need to say follow you  
Awaken me walk me through  
No need to say to follow you

Color of me your touch grey  
Open eyes fall again  
Into eyes  
[x2]

For the last  
Past to the ground  
No need to say follow you  
Awaken me walk me through  
No need to say to follow you

Color of me your touch grey  
Open eyes fall again  
Into eyes  
For the last  
Past to the ground  
No need to say follow you  
Awaken me walk me through  
No need to say to follow you
