The Hives:

I bought no gift this year and I slept with your sister  
I know I should have thought twice before I kissed her  
but with the year we had last and the dress that she  
wore  
I just went along for the ride and I came back for more  
and I'm sorry baby

Cyndi Lauper

That's all ok hunny cause see I bought no tree this year  
and I slept with your brother, I wrecked your daddies  
car  
and went down on your mother.  
I set your record collection on fire and said I never  
knew  
felt kind of bad about that and I know you did too  
So whatever you say, it's all fine by me  
Who the fuck anyway wants a Christmas tree

Both:

'Cos the snow keeps on falling even though we were  
bad  
It'll cover the filth, we should both just be glad.  
and spend spend spend this Chris-Christmas together

The Hives:

I married you last year bet you thought I was  
sober..right  
but I was drunk as a skunk and I made a mistake  
This could all have been over

Cyndi Lauper:

Oh hunny please don't excuse your behavior  
cause I hired a hit man and changed your will

Both:

It's not all in my favor  
So whatever you say, it's all fine by me  
Who the fuck anyway wants a Christmas tree  
'Cos the snow keeps on falling even though we were  
bad  
It'll cover the filth, we should both just be glad  
and spend spend spend this Chris-Christmas together  
and spend spend spend this Chris-Christmas together  
and spend spend spend this Chris-Christmas together  
and spend spend spend this Chris-Christmas together

Holding on without any reason  
cause something strong this holiday season  
So whatever you say, it's all fine by me  
Who the fuck anyway wants a Christmas tree  
'Cos the snow keeps on falling even though we were  
bad  
It'll cover the filth, we should both just be glad  
and spend spend spend this Christmas together  
and spend spend spend this Chris-Christmas together  
and spend spend spend this Chris-Christmas together  
and spend spend spend this Chris-Christmas together
