I donâ€™t wanna kiss good night  
I just wanna stay here forever  
I donâ€™t wanna close my eyes  
I just wanna stay here forever

Lying here in silence  
So in love but so afraid  
Iâ€™m not gonna deny it  
I have never felt this way  
Time is slipping away  
And we both know that I canâ€™t stay  
And time, is not on our side  
So letâ€™s make the most of our last night

I donâ€™t wanna kiss good night  
I just wanna stay here forever  
I donâ€™t wanna close my eyes  
I just wanna stay here forever  
Cause I know in the morning youâ€™ll be gone  
How am I supposed to carry on  
I donâ€™t wanna kiss good night  
I just wanna stay here forever  
I donâ€™t wanna close my eyes  
I just wanna stay here forever

Weâ€™re not gonna surrender  
Letâ€™s stay awake till the sun comes up  
Just one night have to remember  
Save your tears, cause you know it rains this time of the  
year  
Itâ€™s time, so letâ€™s do this right  
Cause we ainâ€™t got all night  
Itâ€™s time to hold you tight  
Cause weâ€™re just minutes from goodbye

I donâ€™t wanna kiss good night  
I just wanna stay here forever  
I donâ€™t wanna close my eyes  
I just wanna stay here forever

Cause I know in the morning youâ€™ll be gone

How am I supposed to carry on  
I donâ€™t wanna kiss good night  
I just wanna stay here forever  
I donâ€™t wanna close my eyes  
I just wanna stay here forever

Now the night is over  
We both know what it means  
Lying here, watching the sun come up  
Itâ€™s like waking from a dream and yeah!

I donâ€™t wanna kiss good night  
I just wanna stay here forever  
I donâ€™t wanna close my eyes  
I just wanna stay here forever

I donâ€™t wanna kiss good night  
I just wanna stay here forever  
I donâ€™t wanna close my eyes  
I just wanna stay here forever

Cause I know in the morning youâ€™ll be gone  
How am I supposed to carry on  
I donâ€™t wanna kiss good night  
I just wanna stay here forever  
I donâ€™t wanna close my eyes  
I just wanna stay here forever.

Forever..
