

## The Jungle Brothers F/ De La Soul Q Tip "Put Your Hammer Down"

Visit "[Put Your Hammer Down](#)" on [MotoLyrics.com](http://MotoLyrics.com)

Lay ya hammer (lay ya hammer)  
Lay ya hammer kid (lay ya hammer kid)  
They want the drama bring it to 'em Fuck 'em

Ghostface:

All rise meet the preacher this pro dueler been  
diagnosed  
Diabetic keptic I'm your host  
Lock the vanilla suede British  
Staten Island mall menace  
Otherwise posin' as a dentist in my lenses  
Pinball machine gun rap spoke to Arafat  
Laundry maid honey can't blow in this hat  
What

Method Man:

Is it raw now  
Change it around  
It's war now  
The final countdown commences  
The battleground is twelve inches of wax paper  
Breakin' down your defenseless senseless nature  
Pain stings with 'Ma Baker  
Twin towerin' I skyscrape ya  
Freedom come meet your maker

Inspektah Deck:

Yo  
Another sound boy's dyin'  
Crowd noise multiplyin'  
Don't let the fuzz slide in bust out the sirens  
Sure win lure 'em in like exotic women  
I smile with the sinister grin and finish him  
You're fuckin' with hoods, get ya goods pushed back  
Ya fraud, pull the wool off your hollywood hat

U-God:

Yo Yo Yo

The track melts in half liquors have this brave meaning  
Supreme being being all that I can being  
Picture wavy beavers meat cleaving your receiver  
Fly sunny cheeba leather buckets dirty reefer  
Fast floatin' grill residential honey hill  
Stainless steel rashes sheisty catch a money bill

Raekwon:

It's all gravy

We floatin' through like the British navy  
Fresh design lady love the fade keep it wavy  
The mix drink - throw the dick in the drink  
Play it baby girl caught ya  
Exotic album Cuban Link  
Custom AV's beige panties who could front on these  
please  
Ya'll niggas broke so much your uncle sells trees

Gza:

Yo

High ranked officials and armed tanks and missiles  
Blood drizzle simple fact you slept on the issue  
That before he started jerkin' off joysticks and Sega  
I made tapes a hundred watt amps insuring Vegas  
Rza fine tune it shippin' meal units  
MC's ask, who be those rhyme killers in masks?  
No doubt difficult task to last in the square  
Beware infinite amount of darts is in the air  
I'm victorious no opponents and blast through  
components  
And microphones watch the whole world live the  
moment  
Anything anti that came approachin' this  
Incapable lust speech remains motionless

Lay ya hammer (Lay ya hammer)

Lay ya hammer kid (Lay ya hammer kid)

Lay ya hammer (Lay ya hammer)
