Rainbow islands  
I-I-I wanna fly  
Rainbow islands [2x]

I wanna fly  
Making rainbows in the sky  
Find a star where love never dies  
And live forever in the skies  
Come on let me try  
To make the colours in the sky  
To keep my dream that love never dies  
And hold you ever in my arms and cry  
Rainbow islands [3x]

I wanna fly  
Making rainbows in the sky  
Find a star where love never dies  
And live forever in the skies  
Come on let me try  
To make the colours in the sky  
To keep my dream that love never dies  
And hold you ever in my arms and cry  
Rainbow islands
