"I Remember"

I remember making love on a Sunday
Bright floating hearts in a fresh cut grass in May, woah
I remember making out on an airplane
Still afraid of flying, but with you I die today, woah
I remember the smell of your skin forever
Love us being stupid together, woah

You're stuck in my mind
All the time

I remember Monday making your eyes gray
Still don't know what it is that I said, woah
I remember thinking this would never end
Even when you're gone your eyes running through my
head, woah

You're stuck in my mind
All the time
