Everything is alright  
Party like is saturday night  
Coz everyday is a week end  
Everybody is dancing  
Gonna have the time of my life  
You got to keep on moving [x2]

Feel so good  
Let the music take you away to night  
Like the sun even when is a cloudy day  
I stell shine  
Everyone it's a celebration of love and life  
Let the rythm and the melody fill you up  
Inside yeah

And I don't wanna think about this monday  
Just wanna party like in 1999  
You got to get in to it  
Dj don't stop the music  
Till we see the sunrise

Everything is alright  
Party like is saturday night  
Coz everyday is a week end  
Everybody is dancing  
Gonna have the time of my life  
You got to keep on moving [x2]
