Don't you get all ashamed
Don't you dare
I've got all I can take anywhere

Dive in slow, hesitate
Door is gone
Try to step in the way of your fall

But I can't break out
From this blanket of doubt
Got me trapped in a maze of shadow

'Cause this gravity haze
Has blocked up my way
Am I floating inside your dream

Pull me out now
Pull me out
Pull me out now
Pull me out

Don't you get all afraid
Don't you dare
I've had all I can take everywhere

Can't make sense in the light
Door is gone
Try to step in the way of your fall

Pull me out now
Pull me out
Pull me out now
Pull me out

Can I just fall out
Through absent stars?
A terror in this frail haggard night

Can I just jump out
From this satellite?
The sky is burning
