I know you're hunting for me now.  
I know my light is on your screen.  
You think I'm under your control.  
My mind, a product of your schemes.

And when your metal seeker shines,  
I will avoid its hungry beam.  
And make a silent slow escape  
Away into the night, and

Chorus:  
All will be forgotten now.  
All will fade away.  
All will change into a dream that no one ever dreamed.

I know you're hunting for me now.  
I know my code is in your sights.  
Your hand, upon the switch of fate  
Taking the energy of life.

No one will know,  
Always alone.  
No one will know,  
Always alone, and

Chorus (2x)
