

Year Of The Rabbit "Lie Down"

We're just temporary souls in your common tractor
Scraping out the mold from an old reactor
Come on pretty baby, won't you take a taste with me?

Just around the corner we can find some action
What the fuck you doing with the fake
(Strange)
Reaction
When all I want to know is, will you take a taste with
me?

If I lie down, would you lie down?
If I lie down, would you lie down?

I'll just wipe the pretty glow off your mouth with my
sleeve
Watch your features change as it fights your blood
stream
I was never sure I could see behind your eyes

Oh, that merry case which could make me happy
I know it's hard to take, but we can feel happy
I was never sure I could see behind your eyes

'Cause I will shudder with the cloak that I wash my pain
in
And I will scream with overflow by the rain you dropped
in
Tell it, I could slowly waste it looking for the ruin
We could bring it down and slowly

'Cause I will shudder with the cloak that I wash my pain
in
And I will scream with overflow by the rain you dropped
in
Tell it, I could slowly waste it looking for the ruin
We could bring it down and slowly

Damage, I can't see
Wasted and I can't breathe
Ruined, you could bring it down
If I lie down
