Did you just say that  
We are going out there?  
The panic swells  
My mouth is dry

Slowly get up  
Speak out the back door  
To make you understand  
I don't want to go

You're living door to door  
With nothing in your soul  
Strange eyes  
No one you know

You want to stop that pain  
They'll never let you stay  
Strange eyes  
No one you know

Did you just tell me  
We are going out there?  
I can't show the stress  
I can't show the fear

An invitation  
We can see the whole world  
What can I say  
I don't want to go

You're living door to door  
With nothing in your soul  
Strange eyes  
No one you know

You want to stop that pain  
They'll never let you stay  
One place  
More than a day

You're selling door to door  
With nothing in your soul

Strange eyes  
Black desert rose

You want to stop being sick  
They'll never let you care  
Oh, it's the only way  
I'll ever find a reason

Do I really have a reason?  
Oh, I need you to say  
That I really am a reason  
Do I really have a reason?

If I've given you anything  
Say it  
If you're feeling anything  
Say it  
Say it
