(Verse)

Hold your breath
The rain wont carry on the way you left
Broken Down
Carry on with your own blackened crown

Ring the bells
Please help me as I escape this cell
Close your eyes
Until you hear your ears filled with cries

(Chorus)

Take me higher into the darkness
Where the wolves and the daring beasts sleep
Take me higher until im breathless
Where the darkened souls reep
All the raging in my head from the
Secrets that i have to keep
Please dont wake me up because I
Disapear in my sleep

(Verse 2)

Shed your tears
The way you thought is coming near
Listen close
Because you chose all that is most

Summer rain
With blood flowing through my veins
Sounds of storms
Every rose has it's thorn

(Chorus)

Take me higher into the darkness
Where the wolves and the daring beasts sleep
Take me higher until im breathless
Where the darkened souls reep

All the raging in my head from the
Secrets that i have to keep
Please dont wake me up because I
Disappear in my sleep

(Solo)

Take me higher into the darkness
Where the wolves and the daring beasts sleep
Take me higher until im breathless
Where the darkened souls reep
All the raging in my head from the
Secrets that i have to keep
Please dont wake me up because I
Disappear in my sleep
