(Verse)

These tears don't hold my heart in place
I'd do anything just to kiss your face
you were everything I ever needed
How am I supposed to hold with my heart bleeding?

(Chorus)

and I need you,
and those thousand pages blank you wrote me
I need you,
with those million stares you stole from me
and I know,
that you never loved me (you never did)

(Verse)

three weeks it took for us to catch fire
She had me hanging on barbed wire
and the games that he played it killed me inside
I never needed u here by my side

(Chorus)

and I need you,
and those thousand blank pages you wrote me
I need you,
with thoes million stares you stole from me
and I know,
that you never loved me(you never did)

(Bridge)

you promised: when we were hand and hand
you promised: we would last forever
now pull that trigger (just pull it)
you never ment a thing

(Chorus)

and I need you,
and those thousand blank pages you wrote me

I need you,
with thoes million stares you stole from me
and I know,
that you never loved me(you never did)

(I need you.)
