(Verse)

She can't help her laughter when I cry  
Sugar falls like snow from a dreaded sky  
Never showing love but hatred, this world is undefined  
Let the stars go out she'll see my love that's  
recognized

(Chorus)

Never found the murdered answers to the  
Questions I have found  
And as my heart beats faster  
I fall into the ground  
Can it be her with the answers?  
I can't hear a sound  
I never used to have her  
All these things left bound

(Verse 2)

I'm left empty handed, I'm the one left behind  
Twilight Winter showed her what's left in this life  
My soul was always left her, Will I ever be alright?  
Let the stars go out she'll see my love that's  
recognized

(Chorus)

Never found the murdered answers to the  
Questions I have found  
And as my heart beats faster  
I fall into the ground  
Can it be her with the answers?  
I can't hear a sound  
I never used to have her  
All these things left bound

(Bridge)

(Despite what she says)

(Despite what they all say)  
(Despite what she says)  
(Despite what they all say)

(Chorus) x2

Never found the murdered answers to the  
Questions I have found  
And as my heart beats faster  
I fall into the ground  
Can it be her with the answers?  
I can't hear a sound  
I never used to have her  
All these things left bound

These are the things that were lost and found
