(Verse)

I'm standing on the edge, standing on the ground  
Hold your breath, don't make a sound.  
You will never see what you all believe,  
Until you find that special someone.

I told you please don't stay, though you decide to wait.  
Your the reason I decided i can't move on.  
Is this love really true? I think you always knew.  
It could be just me and you.

(Chorus)

Please, wait for me.  
I'll never let you go.  
Please, wait for me.  
I want to let you know.  
We belong together,  
We would stay here forever.  
I'll make your dreams come true...  
My dream is you.

(Verse 2)

Baby join me in death, this is all we have left.  
I could hold you, never let you go.  
Take my heart, it's safe with you.  
You'd never know my love for you.

I could wait for you here,  
Let me drown in my tears.  
I've got something to say,  
I truly love you, though it's not okay.

(Chorus)

Please, wait for me.  
I'll never let you go.  
Please, wait for me.  
I want to let you know.

We belong together,  
We would stay here forever.  
I'll make your dreams come true...  
My dream is you.

(Bridge)

It's too late to apologize,  
Baby, wipe those tears from your eyes.  
It's too late to fucking cry,  
I truly love you, now you know why.

(Chorus)

Please, wait for me.  
I'll never let you go.  
Please, wait for me.  
I want to let you know.  
We belong together,  
We would stay here forever.  
I'll make your dreams come true...  
My dream is you.

Please, wait for me.  
I'll never let you go.  
Please, wait for me.  
I want to let you know.  
We belong together,  
We would stay here forever.  
I'll make your dreams come true...  
My dream is you.
