When you playing the Game of Love  
King of Diamonds, the Queen of Clubs  
Roll the dice if she looks real nice  
Spin the wheel if he deals with bills, girl  
But know the rules cause you might get hurt  
Read the player's manual first before you flirt  
Snakes and ladders, the game's full of ups and downs  
Can't tell who's the winner from the loser  
What happens now?

[Rock Shabazz]

She's so used to niggaz who run game  
Can't handle a nigga who's just plain  
Feel flattered when they kicking them lies  
Finding out they phonies why you actin surprised?  
She says she wants a nigga that's perfect  
When she should be looking for one she can work with  
G'd up, focusing on the surface  
Wants a Sugardaddy cause she feels she deseves it  
She claims I'm the love of her life  
Her kindred spirit, her soulmate  
Baby yeah right  
Cause before loving me, you was in love with him  
So after loving me, you'll fall in love again  
She don't love me, she just loves being in love  
Cold, cynical, maybe I'm all the above  
Still a one woman man, tryna tie one down  
So young lady, you're the next contestant  
Come on down

Me and my girl been together a couple of years  
On the side I wouldn't lie I had a couple of friends  
But when we had our first kid, I realized then  
She was the one to keep, after that I aint mess around  
since  
Well maybe once or twice, but still I kept it tight for my  
wife  
And when she got suspicious, I would hit it right  
'Til one day she went away for the weekend  
Something's different, you not speaking  
Later on that very same evening  
She admitted through her tears that she was cheating  
I admit it hurt, I could've gone berserk  
Instead I thought about the kids and said honey lets  
make it work  
Time past and we stuck together  
But still I wonder who fucked her better? (damn!)  
Man them thoughts where too much for me  
I had to say au revoir, mi amor, c'est la vie, cause

Niggaz think they pimps, niggaz think they macks  
Breaking up a good thing, chasing after hood flings  
Messing up a good brain now she got some baggage  
You don't really got game check the girls you bagging  
You not good to women, you just successful with 'em  
She's used to sandpaper so she'll take your denim  
Me, I'm satin, velours, silk  
Smooth as Jamaal Wilkes' jumpshots  
It's blunt love never coy lust  
That's why they trust Jus-tice

[Crayon]

Ooops! Didn't mean to get you aroused  
But most women get intrigued by a brother with style  
I put it down, profound words, far from the clowns  
I have your head in the clouds while you still on the  
couch  
You might think you a playa cause you fucking his girl

But guess what: She turn around and do the same to  
your world  
My nigga  
To play the game gotta know all the rules  
That's how jealous boyfriends put your face on the  
news  
Hard to choose whether love 'em or leave em  
Plenty of diseases are reasons of who you want to be  
with  
But do remember next time you fall deep in lust  
Playaz play for keeps in the game of love  
Ha ha...Game of love
