I can't stand,
that we're all connected.
and i miss the days,
when i only knew my friends.
the whole world,
thinks they know all about me.
but they'll miss the day,
when they only knew without me.

i can't stand
without seein' your
pretty faces.

and i miss the days.
when i was excited,
about seein the new things.
it seems so long ago.
now we're all,
virtually connected.
and i miss the days,
when i only knew my friends.

i can't stand
without seein your
pretty faces.
now we're all
connected.
seems so far beyond.

seems so far.
(repeat x 3)

now we're all
connected.
seems so far beyond.

and it's time.
yeah it's time,
that we knew.
we're all, it's all
that i have for you.

and it's time.
yeah it's time,
that we knew.
we're all, and it's all
that i have for you.

i can't stand
without seein' your
pretty faces
