Hey.
don't go to sleep now.
it's not time for that, wake up now.
you can't drift off or you'll never come back to this
place.
again, again, again.
ever, ever.

hey.
don't go to sleep now.
it's not time for that, wake up now.
you can't drift off or you'll never come back to this
place.
oh again,
don't go again,
won't wait again,
won't wait forever and ever.

oh no.
staring at my screen
wonderin' what to do
don't know where i'm goin
who does have a clue
anyone (anyone)
i wanted i wanted i wanted
i said that i wanted you
anyone (anyone)
Wanted You
i wanted i wanted i wanted
i said that i wanted you

oh again,
don't go again,
won't wait again,
won't wait forever and ever.
(i see them)
oh no.

oh again,
don't go again,
won't wait again,

won't wait forever and ever.
(i see them)
oh no.

staring at my screen.
wonderin' what to do.
don't know where i'm goin.
who does have a clue?
anyone (anyone)
i wanted i wanted i wanted,
i said that i wanted you.
anyone (anyone)
i wanted i wanted i wanted,
i said that i wanted you.
and everyone (together).

who does have a clue?
hey don't go to sleep now.
(who does have a clue?)
it's not time for that, wake up now.
you can't drift off or you'll never come back to this
place.
(who does have a clue?)
again, again, again.
(who does have a clue?)
ever.

wonderin' what to do.
don't know where i'm goin.
who does have a clue? (repeat x 3)
oh.
don't go again.
won't wait.
won't wait.
who does have a clue?
oh no
