Oooh oh yeah
Yeah

Verse 1

Girl, you got me fallin in love
With you
Got me thinking 'bout you everyday
Oh, it's true
Yeah, you're like a drug
Got me so addicted
I can't get enough
You're like a habit, I can't kick it
Noo

And I can't stop myself
I don't want anyone else

Chorus

Ooh girl, you got me falling in love
Just falling in love
With you
Got me head over heels
Oh do you know how I feel girl

Verse 2

Baby Girl, you've got my head spinning
Making me dizzy
But it feels so, so good
Just standing beside you
It gives me butterflies
And I don't know why
But you're something special
Something beautiful
And I thought I'd never find, a girl like you

Yeah I can't stop myself, no
I don't wanna anyone else

Chorus

Ooh girl, you got me falling in love
Just falling in love

With you
Ohh

Bridge
Oh yeah
Baby Girl, you got me falling in love with you
My feelings for you are true
I have never felt this way before
And it feels so good
Just like I thought it would
Yeah, I'll love you, forevermore

Chorus
Ooh girl, you got me falling in love
Just falling in love
With you
Got me head over heels
Oh do you know how I feel girl

Ohhh yeah baby girl
Got me, got me
Falling in love
In love, in love

Ohhh oooh yeah
In love...
