I'm not sure if you're aware or not but I'm  
Illuminati  
We controlling the minds of all of you  
Shady, the evil empire  
Yeah you got me pegged motherfucker  
You got me, fuck y'all  
Man people really got me confused, what did I do?  
Outside being a human being seeing my dreams  
through?  
Never did shit to nobody  
but invite them out to my party  
Get 'em drunk and maybe even tell them a story or  
two  
Some think I'm Illuminati 'cuz I'm a light in  
the dark  
Lookin' for masonic symbols inside of my body art  
That's hilarious Marshall, what the fuck you do to  
these folks?  
Crazy motherfuckers tryin' to put me and you in the  
boat  
With Royce da 5'9", Crooked I, Budden and Joell  
But I'm on this ship and I don't give a shit, oh  
well  
I see the storm, let the boat sail  
And I'm on deck but the rain pourin' off my  
raincoat tails  
They see God in me 'cuz I know Hell  
They see the criminal inside of me probably 'cuz I  
broke jail  
But my soul is not on wholesale  
And when I die, my people will be cryin' the first  
If I'm gonna be the one, that everybody calls the  
one  
Then I guess the battle has begun, fuck it then,  
let's have some fun  
'Cuz I promise I will never run, never run from what  
I've become  
'Cuz all that dumb shit that I've done, built me  
up to make me the one  
Jesus Christ sittin' passenger with the .45  
Turn the page, I got a new way of earnin pay  
Stickin' bitches off with a crucifix while Lucifer sits

With a Vice Magazine, burning every page  
Well I guess it's my turn to play  
The wildcard of Shady's clique and new world  
order I play  
Talkin' shit, yeah that's all a game  
But I ain't homophobic;  
I punch a homo like I punch a man  
No way, are you serious?  
Claiming that I got hipsters brainwashed and they all  
coming to my show  
But if you took a moment and took my dick out your  
mouth  
You would see all the versatility on the front row  
I convert, revert people to dessert  
People who miss being them people of Wolf, go home  
And if you're violent enough, anybody doubtin'  
They come to the Circle of Psychos and you be done  
The one gathering people,  
If I'm gonna be the one, that everybody calls the  
one  
Then I guess the battle has begun, fuck it then,  
let's have some fun  
~Cuz I promise I will never run, never run from what  
I've become  
~Cuz all that dumb shit that I've done, built me  
up to make me the one  
some people think that I'm king  
Some people think that I'm trash,  
some people shout and they scream  
I'm a survivor, I'm alive and livin' my dream  
In a microwave society I'm a steady stream  
Don't need no validation from any cultural thieves  
No magazines or blogs or anybody who don't  
believe  
If you're behind the camera, than just point it at me  
~Cuz I'll be making this movie and you're just  
making a scene, check it  
Missy Eliot gave me a shot and I love her for it  
I wasn't ready, I should have waited, but when you  
poor  
And you got a two year old baby and one on the way  
You be crazy to see opportunity at your door and  
ignore it  
So you lookin' back and callin' me whack and  
ho [?]  
When all I wanted to do was get my kids out that  
apartment  
And that's important  
And I went from not having a home, to everything I  
owned up in storage  
I made a sacrifice any daddy would make

â€˜Cuz I cannot stand and look when they look into  
daddyâ€™s face  
When the government picked away at every penny that  
I made  
I had to borrow money to get my son a fuckinâ€™  
birthday cake  
Yeah, I guess thatâ€™s a hard balance to weigh  
Chase the rap game, or manage a subway  
Well I suck at making a sandwich and rappinâ€™  
donâ€™t get me paid  
But if I stick to then Iâ€™ll get through with it someday  
Iâ€™ll be the one, you can talk shit about me  
Iâ€™ll be the one that you think is a part of some  
fucked up code  
Iâ€™ll be the one you can hate  
If Iâ€™m gonna be the one, that everybody calls the  
one  
Then I guess the battle has begun, fuck it then,  
letâ€™s have some fun  
â€˜Cuz I promise I will never run, never run from what  
Iâ€™ve become  
â€˜Cuz all that dumb shit that Iâ€™ve done, built me  
up to make me the one  
I ainâ€™t mad motherfucker  
Itâ€™s that new church, I be pastor  
Whatâ€™s up Wolf pack? Secret sermon started  
Open up this rhyme book, give you some  
motherfucking quotables
