Candy and dreams are your favourite ones  
Is that really what you want?  
Cause I got what you want in my pocket.  
Hand me the kiss i'll hand you the sun.  
Is that really what you need?  
Cause I got what you need in my rocket.

5 4 3 2 1 fuck all up.

You almost gave me a heart attack.  
You must to puss on in my conyak  
I'm kind a like an Alabama headache at.  
My space game will now be next  
And if you wanna know where i'll be at.  
The ships are fat with...
