Happy Friday The 13th

Muthaf-ckers

Go to sleep little boy don't cry
Like shadows on the wall
Don't look under your bed
Hear footsteps in the hall
Somebody's gonna come get me
And take me to the woods in the fall
Dont look under your bed
Crucifix on the wall
Could it be in my mind
My time has gone by
Slayed in the field, left here to die
What if momma finds me like this
Wonder this dirts still alive
I don't know how to resist
All of these thoughts that are running through my little
mind
Trouble on show, scared for my life
Still I want war

In a world that could feel like a f-cking cage
I just sit in silence

Instead of tryna to escape I became crazy and started
smiling
Took a knife to the back when I turned around I held
somebody close
But I bled just enough to live, half man, half ghost
And the dream is dark, f-ck it, into the dark I go
You want me to be a monster and kill em?
You want me to be the one with the blade?
You want me to stand up and scream
You begged for me to go into a rage
Well, hand me the machete then right now
I'll walk into the house and lay 'em down
Bring you the head of every victim man, woman, child
I will not deceive you
God said I'll never leave you
And since I can't see you

Then I'll have to believe you
Yeah I've got a dream and I've seen many many
nightmares unfold
But fear has no hold, on this dream that I control
I control
I control
I control

Goodbye nightmares
Bye bye nightmares
Goodbye nightmares
Kill my nightmare
