Man, this fuckin' bitch took off  
Fuckin' with some college graduate  
Punk ass, Abercrombie wearin' motherfucker  
Left me broken hearted in the chevy  
It's all good though, know why?  
I got me bitch

Both of us was in the same class  
In 02 in Antioch Nash-Ville  
I wanted you so bad  
That I forgot to mind my manners

Everybody wanted them panties  
Every guy was hopin' to land it  
We would flirt around and touch hands  
Until we fucked around and took Xanax

And that's when you  
Began to drive me bananas  
I was in denial, it's apparent  
You began to lie to your parents

You should know that I can't live  
Without you holdin my name  
Now my hearts in control of my brain  
And I can't hold it in the lanes

Rollin' down 20 main  
With this Jack in my cup, feelin' down on my luck  
And I'm doin' 120 main  
Maybe I'm givin' up, baby, I'm givin' up

Baby, what is happenin'?  
Don't you believe in us, don't you believe in us?  
She said, "I know you gave me everything  
But love is not enough, love is not enough  
Love is not enough"

Used to fuck so much we missed school  
You was there when I needed you  
I was there when you needed me  
We were inseparable

When I was broke with no fuckin' food  
You was tough enough to be cool  
Skate holes all in my shoes  
Dope boys had me confused

I was in love with hip hop  
You was in love with that too  
What made it come to a stop  
Had to have been the money issue

Bitch, and I really miss the rain  
I gave you all of my soul  
And all I got left is a key chain

Rollin' down 20 main  
With this Jack in my cup, feelin' down on my luck  
And I'm doin' 120 main  
Maybe I'm givin' up, baby, I'm givin' up

Baby, what is happenin'?  
Don't you believe in us, don't you believe in us?  
She said, "I know you gave me everything  
But love is not enough, love is not enough  
Love is not enough"

Who the fuck are you fuckin' now?  
Bet he's always taken you out  
College educated and proud  
Me, well, I'm just a drop out

Can't really blame you for buggin'  
Ain't I the dirt on your rug and  
Just a place to wipe your shoes and  
Give me all your throw away lovin'

Back to my buzzin' and druggin'  
Back to my gutter with nothin'  
Back to the rut all the sudden  
Cracks in the covenant trustin' me

You ain't gotta worry 'bout  
Sharin' this success with Wayne  
And that was just petty change  
But I still feel the pain

Rollin' down 20 main  
With this Jack in my cup, feelin' down on my luck  
And I'm doin' 120 main  
Maybe I'm givin' up, baby, I'm givin' up

Baby, what is happenin'?  
Don't you believe in us, don't you believe in us?  
She said, "I know you gave me everything  
But love is not enough, love is not enough  
Love is not enough"
