Hook

Raise your glass for the people with trash bag  
blinds(Eminem: Raise it!)  
You like to judge, but I find that you don't ask why  
(Eminem: Oh no uhuh)  
Kiss my ass if you ain't on our side (Eminem: Kiss it!)  
We'll be on all sides  
Surround you, this is low class pride

Hey girl I like that famous hoodie, do it come in camo?  
A pack of Camels and I'm goodie with a little Daniels  
The Chevy wired got the 24 tires  
24 hours wired ain't tired  
Bottles on floor smoke swirling spirals around the wood  
panels  
Every porch got an old man picking on them teeth with  
a switchblade  
Cut your hand hopping the barbed wire fence  
You fix that motherfucker up with some grip tape  
Shaved heads and dreads it's all good my town  
Gotta get some blood on your shoes  
If you wanna be you wanna eat good in my town  
Got a good memory you solve that problem with a lil  
liquor  
Lil sister gone hungry no more  
Ever since my hands got a lil quicker  
Snatch a meal and a pack to calm the nerves  
How you gonna pay when time is all you earn?

Most you people don't know shit  
About the cabins in the boonies and the muddy  
footprints

Following to your doorstep when your momma  
Out of work and can't pay the rent  
Asking how we gonna make some stacks  
So we make mistakes pay the tab  
They putting dollars on our heads, crack our heads  
everyday  
Mr. Sherriff take it back  
I never done shit but grind boards and party, how you  
gonna ask me where I'm going?  
My buddy JC down on the block, and early release (???)  
showing  
(???) smog in the air leaves that chemical on your  
tongue  
We ain't dumb but round these parts ain't much to  
become  
So we party, we drink, we smoke when we young  
Yeah buddy ain't nothing like where I'm from
